

Impossibly slim. Surprisingly powerful.

Beosound Emerge takes your music to places never imagined before. Elegant and ultra-slim, it fits in anywhere – from a bookshelf in the bedroom to a tight corner in the kitchen. And despite its size, it reaches you everywhere in the room with full-range, ultra-wide sound.

Why you'll love it

-  Brings wireless sound experiences to smaller rooms in the home
-  Slimmest full-range speaker on the market, fits in anywhere
-  Revolutionary driver configuration for clear, room-filling sound
-  Ultra-wide soundstage for immersive audio at any position
-  Sophisticated design and high-quality, tactile materials
-  Part of Connected Speakers: connect more and play together

50 WORDS:
A compact WiFi home speaker that makes a big impression. Beosound Emerge fits in anywhere and reaches you everywhere in the room with full-range, ultra-wide sound. A revolutionary driver configuration delivers crystal-clear audio quality that adapts based on the room you're in – all from an elegant, tactile, ultra-slim profile.

100 WORDS:
A compact WiFi home speaker that makes a big impression. Beosound Emerge fits in anywhere and reaches you everywhere in the room with full-range, ultra-wide sound. A revolutionary driver configuration delivers crystal-clear audio quality that adapts based on the room you're in – all from an elegant, tactile, ultra-slim profile. Each speaker is built for beauty and longevity, using high-quality materials such as aluminium, polymer and natural wood. The perfect choice to extend music to smaller rooms such as kitchens and bedrooms, Beosound Emerge can also be added to your Connected Speakers setup so you can listen throughout your home.

Key Selling Points

FULL-RANGE, ULTRA-WIDE SOUND
A revolutionary driver configuration brings full range, ultra-wide sound to your entire room – sound that is always crystal clear. Music is projected 180 degrees, with deep low-end from an integrated bass port at the back. Tuned by Bang & Olufsen engineers, the sound automatically adjusts to compensate for the space, ensuring flawless delivery at all times.

SLIM FORM THAT FITS IN ANYWHERE
Minimal in design and inspired by the compact form factor of a book, Beosound Emerge fits in anywhere – whether discreetly tucked away or prominently on display. It is an interior object more than a piece of technology. It's the slimmest full-range speaker on the market, built to extend sound without taking up space.

TACTILE MATERIALS OF THE FINEST QUALITY
Beosound Emerge stands proud on a high-grade, pearl-blasted aluminium frame. It's complemented by either rich wood or black anthracite polymer that wraps around the sides – materials picked for their distinctive look, feel and function. The front is finished with soft fabric or an aluminium grill. Everything's brought together in a way that plays to the senses and is built to last.

EXPAND YOUR MUSIC EXPERIENCE
Beosound Emerge is designed to fill a small room with clear sound. You can add greater depth and space to your experience in two ways: add Emerge to your Connected Speakers setup and enjoy music throughout your home, or easily stereo pair Emerges together for stereo listening sessions.
