

Superior sound that's made to move

Any room. Any position. Any moment. Beosound Level lets you move with your music in new ways at home, without ever compromising on sound quality. Place it on its side, on its back, or hang it on the wall. Enjoy a flawless listening experience in beautiful, portable form.

Why you'll love it

-  Superior sound that adjusts to compensate for any position or room.
-  Compact and portable design. Lay it flat, on its side, or hang it on a wall.
-  Crafted with care: modular in design and made from high-quality materials.
-  Sleek, seamless charging options and up to 16 hours of battery life.
-  Part of Connected Speakers: Connect with other speakers and build your soundscape.

25 WORDS:

A portable WiFi speaker that delivers superior sound – always. Beosound Level adapts to its position and environment for a flawless listening experience anywhere at home.

50 WORDS:

A portable WiFi speaker that delivers superior sound – always. Beosound Level adapts to its position and environment for a flawless listening experience anywhere at home. Place it on its side, its back, or hang it on the wall: the minimal design is as flexible as you need it to be.

100 WORDS:

A portable WiFi speaker that delivers superior sound – always. Beosound Level adapts to its position and environment for a flawless listening experience anywhere at home. Place it on its side, its back, or hang it on the wall: the minimal design is as flexible as you need it to be. As you move, the expertly tuned five-driver speaker set up immerses you in rich audio at all times. Sleek charging options and up to 16 hours of battery life ensure that your music is always ready go. Beosound Level is a portable speaker that's built to last: modular by design, crafted from high-quality materials.

Key Selling Points

SUPERIOR SOUND ANYWHERE AT HOME

Tuned by acclaimed Bang & Olufsen sound engineers, Beosound Level delivers powerful audio with excellent clarity and dynamic bass. The sound delivery is automatically adjusted to the room and speaker's position, ensuring an optimal listening experience.

COMPACT, PORTABLE DESIGN

Beosound Level is a pure expression of minimal Scandinavian design. Its unique adaptive nature makes it easy to enjoy your speaker anywhere around the home. Use it any way you like: standing upright on a shelf, hanging gracefully on a wall, or lying flat on a table.

CRAFTED WITH CARE

The premium aluminium frame is crafted in Denmark and the modular design supports the extension of the speaker's lifetime through a replaceable battery and efficient future service upgrades. Materials, such as high-performance polymer, are selected under the consideration of performance, closing material loops and full traceability.

SEAMLESS, STYLISH CHARGING

The included magnetic connector plug makes charging Beosound Level easy and elegant. The aluminium plug seamlessly clicks on to the back, making the charging experience every bit as aesthetic as the speaker itself. And with up to 16 hours of battery life, it brings wireless sound where you need it.
